3. Selection and Positioning of Signs For:- Exit & Fire Doors, Fire Fighting Equipment, Warning/Hazards and Stairwells.

4. Site Surveys:- Tips on carrying out a site survey

5. Test:- open book exam and then discussion of the answers in case clarification is required.

Recent course feedback includes:- “a very enjoyable course, we learned a lot and I have already implemented a couple of instant changes. The course will certainly help with my FRA's as to what is a requirement and what can be recommended. The half a day was about right”. “An extremely informative and well delivered course with outstanding and comprehensive hand-outs for future reference.”

Cost to members is £45 per person + vat whilst the cost to non-members is £70 per person + vat
