

Memo-Servicing & Technical Info

I.F.E.D.A. MEMBERS SERVICING/TECHNICAL ADVICE/ UPDATE

From: The National Office

Date: Feb 2009

Number 68

Subject: Guide to BS7671 : 2008

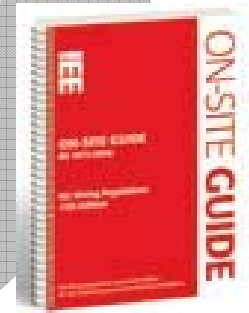

BS7671 : 2008 Requirements for Electrical installations came into effect on 1st July 2008 (tech memo 65 refers). If you hold BS 7671 you may be interested in the following publication:-

The IEE On-site guide to BS 7671:2008 Requirements for Electrical Installations

All electrical installations in the UK must now conform to BS 7671.

This book has been revised to reflect updates included in the latest edition of the IEE Wiring Regulations (17th edition) 2008. It will help competent electricians deal with small installations (up to 100 A, 3-phase).

The guide provides essential information including simple circuit calculations, in a convenient, easy-to-use form, avoiding the need for detailed calculations.

An essential guide for all electricians, electrical contractors and their managers, and installation designers. Also a useful reference for students in further education and professional training.

Copies of The Guide to BS7671 : 2008 can be ordered from IFEDA at a member preferred price of £25 per copy, plus p+p.

To order your copy please fax (02380 512918) or email (info@ifeda.org) your purchase order to Karen at the National Office.
