TRAINING & EXAMINATION OF FIRE HOSE REEL SERVICE TECHNICIANS

Course information, syllabus and terms & conditions

A suitable period of in-house training is recommended prior to the candidate attending the course.

The course covers routine inspection and maintenance of fire hose reels prescribed by BS EN671-3: 2009 and is designed to prepare the candidate for the examination. It **DOES NOT** include the installation or repair of fire hose reels.

This course carries CPD accreditation. Please indicate on booking if you require a CPD certificate as well as the course certificate.

It becomes necessary to cancel courses if minimum attendance is not achieved and in these cases cancellation is advised 14 days prior to the course start date.

N.B. IFEDA has made every effort to ensure the accuracy of the information contained in this manual and believe it is correct at the time of issue. IFEDA accepts no liability of any kind whatsoever in respect of work carried out, or advice or guidance given by any person, whether qualified by IFEDA, or based on information offered in IFEDA publications and at IFEDA training courses.

An ISO 9001 – 2008
Accredited organisation
No. 441430

The Independent Fire Engineering & Distributors Association
The Barn, Radclive Road, Gawcott, Buckingham MK18 4AA
