

Product Alert

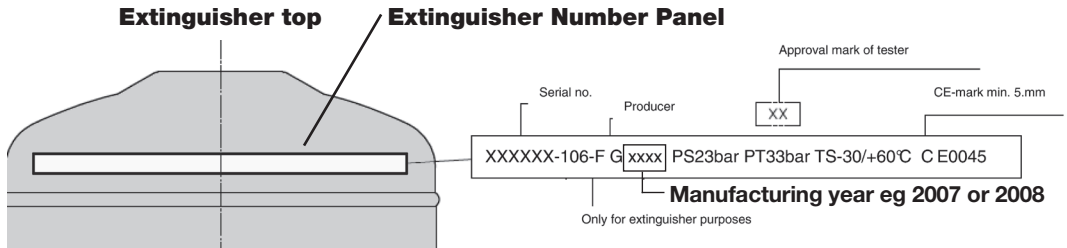

There is a potential defect with Kidde or Gloria (which may be branded O Heap & Son, Island Fire, East Fire UK, Protex, Northants Fire, Antifyre Ireland) powder fire extinguishers sold between January 2007 and October 2008.

Some extinguishers may not discharge and therefore may not effectively extinguish or suppress a fire when used. The extinguisher is not dangerous to handle.

How to identify if your extinguisher could be affected:

The extinguisher is the 4,6,9 or 12kg powder extinguisher, see example pictures above right. Products sold between January 2007 and October 2008 (inclusive) may be affected. These can be identified by the date marking on the extinguisher, shown below.

What to do if you have bought one of these products and for guidance:

Please call our helpline to confirm if you have bought one of these products for guidance on organising a free inspection and, if applicable, repair or replacement of your product.

For further information:

Call **0161 654 2216** during office hours 8.45am to 4.45pm Monday to Friday

We wish to thank you for your co-operation and apologise for any inconvenience.
