## I.F.E.D.A. MEMBERS INFORMATION/TECHNICAL UPDATE

From Ray Griffin.

Date: 4<sup>th</sup> November 2003.

Number 1

### Subject INSURANCE

Members are reminded that besides the normal requirement for employers and public liability insurance it is also necessary to have efficacy (failure to perform) cover to comply with the requirements of B.A.F.E. Scheme SPIOI.

We would also like to remind you of the fact that your insurers should be advised if you are supply/servicing equipment at any of the following:

AIRCRAFT/AIRFIELDS

GAS PRODUCING/STORAGE PLANTS

OFFSHORE OIL RIGS

PETRO-CHEMICAL PLANTS

SHIPPING

VEHICLES CARRYING HAZARDOUS MATERIALS

ANY OTHER HIGH RISK SITES ACTIVITIES

It is also prudent to check your vehicle insurance if you are driving onto any of the above as most insurers have exclusions, the most common being airfields.
